A SMARTER WAY TO MANAGE FLEET MAINTENANCE COSTS

The Fountain Tire Digital Vehicle Report

With Fountain Tire's Digital Vehicle Report, we don't just tell you what's going on with your fleet, we show you. Our technicians take photos and videos of your vehicles to help you understand what needs attention now, what doesn't, and why.

The report uses a green, yellow, and red colour coding system so you and your team understand the different findings in the report. Green generally indicates that everything is ok, while yellow and red often indicate that there may be an issue with that particular part.

- Helps you manage costs by only investing in necessary repairs
- Allows you to forecast for future expenses
- Provides insights on the health of your overall fleet to avoid costly breakdowns
- Helps improve clarity and transparency
- Provides visual records
- The results are emailed or texted to you

The Digital Vehicle Report is our commitment to absolute transparency. That's what it means to be on this road together.

To see how the Digital Vehicle Report can work for you, email:

GO FURTHER WITH SHELL ROTELLA®

WHAT IS AN OIL-DRAIN INTERVAL (ODI)?

ODI IS THE DISTANCE YOU CAN LEAVE OIL IN YOUR ENGINE BEFORE IT NEEDS TO BE CHANGED.

A PREMIUM HIGH SPECIFICATION ENGINE OIL WITH AN EXTENDED ODI ALLOWS FOR:

Improved productivity

Less downtime

Improved engine protection

Enhanced performance in demanding environments

Reduced operating costs

Maximization of value from your engine

Helping both your vehicle and your budget to
GO FURTHER AND GET SAVINGS

ALWAYS FOLLOW YOUR OEM'S RECOMMENDED ODI. BUT REMEMBER...

Leaving it too long may result in damages to your vehicle which could even void your warranty, which can ultimately lead to unforeseen maintenance costs.

Changing it too early means you may be spending more money than you need to on your engine oil.

FACTORS THAT COULD LEAD TO AN EARLIER OIL CHANGE

Extreme hot and dusty environments

Heavy vehicle loads - if your truck runs at high capacity

Long idle times - if your engine is running for long periods

WHO CAN I SPEAK TO FOR MORE ADVICE ON MY TRUCK'S ODI?

NEW AND NOTEWORTHY**Maxim Earns Top Awards as Canadian Truck and Bus Dealership**

Troy Hamilton, President of Maxim Truck & Trailer celebrates prestigious awards as top truck and bus dealership in Canada.

Maxim Truck & Trailer received the prestigious International Truck Presidential Award and the top IC Bus Diamond Award. Maxim was the only dealership in Canada to receive both awards, representing a tremendous accomplishment.

The Presidential Award honors the top eight percent of International Truck dealerships that achieve the highest level of performance in terms of operating and financial standards, market representation, and most importantly, customer satisfaction. Only 14 dealers in North America earned this prestigious recognition in 2021. This is the second year in a row that Maxim has earned the Presidential Award.

The IC Bus Diamond Award goes to dealers who have made a tremendous impact on their community, customers, and the school bus industry. There are only 10 Winners in all of North America including Maxim Truck & Trailer as the sole winner in Canada.

"The Presidential and Diamond awards are the highest honors an International dealer can achieve from the company," said Mark Belisle, group vice president of Dealer Sales and Operations at Navistar.

"These awards are a great honor for everyone at Maxim Truck & Trailer because they recognize all the hard work and professionalism we bring to customers in the Manitoba, Saskatchewan and North Western Ontario market areas," said Troy Hamilton, President of Maxim Truck & Trailer. "This past year has not been easy with all of the COVID and supply chain issues so I want to recognize the staff and team at Maxim Truck & Trailer who made these awards possible."

Maxim Truck & Trailer was pleased to announce the donation of \$50,000 to 10 Food Banks across Canada in December 2021. Each of the 10 Food Banks received \$5,000. The Food Banks were matched up to the 10 communities across Canada that Maxim Truck & Trailer does business in.

"Our company has always had a mandate to give back," says Maxim Truck & Trailer President Troy Hamilton. "This year, we've seen so much need out there, particularly with the rising cost of food that we had to act. No one should go hungry."

The organizations who received donations were: South Delta Food Bank, Calgary Food Bank, Edmonton's Food Bank, Saskatoon Food Bank, Prince Albert Food Bank, Regina Food Bank, Samaritan House in Brandon, Harvest Manitoba, Regional Food Distribution Association in Thunder Bay and Sun Youth Organization in Montreal.

International MV Voted Top Medium-Duty Truck in 2022

The International MV has made Work Truck's top five medium-duty trucks for the second year in a row. The votes are based on what best fits the voter's fleet requirements, including application effectiveness, durability, quality, servicing, maintenance, and lifecycle costs.

Refurbish Your Trailers or Heavy Equipment

Extend the life of your heavy equipment and enhance your company image by getting your older equipment professionally sandblasted and painted. Our Maxim Body Shop can handle oversized equipment including end dumps, low beds, excavators, loaders and more.

Check out the transformation of this recent end dump we refurbished with our before and after photos – one week apart. This unit received a complete sandblast and repaint, including the frame and box.

Costs for a job like this range from \$4,000 - \$8,000 depending on the size of equipment and the paint type selected. A fraction of the cost of a new trailer.

Got any equipment you want to refurbish?
